

FEBRUARY 2026

MEMBER GUIDE

MODERNIZING OUR PRIMARY COMPUTER SYSTEM

Strong, modern technology is essential for any financial institution. Banking services have changed drastically over the past decade, and now members have more options and greater convenience than ever before. Delivering those services starts with a reliable core processing system. Over the past 18 months, ServU Credit Union has embarked on a journey to modernize our primary computer system to a next-generation platform.

As this guide goes out, ServU staff are putting the finishing touches on the new system and are happy to announce it will go live on March 1, 2026. This guide outlines what members can expect during this system upgrade. Please take the time to read through the entire guide, and contact us with questions prior to the upgrade.

KEY INFORMATION:

- ServU Credit Union is modernizing our primary computer system to a new, cutting-edge system, called Keystone.
- This change will take place: Friday, February 27th – Monday, March 2nd, 2026.
- During the upgrade, digital banking and telephone teller will be unavailable, Friday, February 27th at 5pm through Monday, March 2nd.
- Branches will be closed Monday, March 2nd.
- After the conversion, members who use Telephone Teller will need to update their ID and PIN before they can resume using the service.

FREQUENTLY ASKED QUESTIONS

What is the “primary computer system”? The primary computer system is the software and supporting hardware that ServU Credit Union uses to maintain members’ deposit and loan accounts, process transactions, and support services such as debit cards and online banking.

How does the primary computer system upgrade benefit me? We are upgrading with your best interest in mind: to stay ahead of the technology curve and continue to bring you innovative products and services.

What do I need to do? We are working to ensure that member impact is minimal, but due to the nature of the upgrade, some services will be limited or unavailable. Please read through all member communications regarding the upgrade and plan ahead.

Will my statement look different? Most statements will look the same.

Will there be a delay in receiving my statements because of the conversion? We do not anticipate any delays.

Will branch hours be affected during the conversion period? Yes, all ServU Credit Union branches will close at 5pm on Friday, February 27th, 2026 and will re-open at 9am on Tuesday, March 3, 2026.

Will I lose my account history? No, your account history will carry over to the new system.

I have a payment due on March 1st, how do I make sure it is paid on time? Plan ahead to make your payments on February 27, 2026 by 5pm. Payments that have been previously scheduled in digital banking will still process normally.

Will my checks still work? Yes, you can continue to use your current checks just as you always have.

I need cash during the upgrade, will I be able to use the ATMs? Yes, you will be able to access ATMs during the upgrade, but you will be unable to view your current balance from 5pm, February 27, 2026 until Tuesday, March 3, 2026. Withdrawal amounts may be limited.

Will my debit card still work during the conversion? Debit/ATM transactions will be available based on your balance at the close of business on Friday, February 27, 2026, and will be subject to standard withdrawal limits. We recommend having a secondary form of payment as a backup.

I am a Bill Pay user, will my Bill Pay still process? Yes, your previously scheduled bill pays will still process. To ensure a smooth transition, we recommend that after the upgrade is complete, you verify all payments took place as scheduled.

Where can I find more information? Please visit our website at servucu.com/resources/core-conversion or scan the QR code below for the most up-to-date upgrade information.

MEMBER CHECKLIST:

- Mark the upgrade dates on your calendar
- Visit our website page and bookmark it for easy access.
- Know your account balance before 5pm on Friday, February 27th
- Plan ahead for any large purchases or cash withdrawals or other special needs
- Take care of any special transactions before the conversion dates
- Keep enough cash on hand and have an alternative form of payment for emergencies
- Make sure we have your best contact information prior to the upgrade

Digital Banking Upgrade Details

ServU Credit Union is pleased to share a refreshed digital banking experience. Below is an outline of the changes. Please contact us with questions or for assistance with the new layout.

1. Members can choose Card View or List View based on their preference.
2. Greeting – this will default to the name on your account. You can change this by clicking the “Customize Home Screen” button above the Quick Action buttons.
3. Quick action buttons - Easily navigate to frequently used items such as Card Alerts, Loan Payments, E-statements and Account Alerts.
4. Widget stack – Members have the ability to ‘Favorite’ these services. When a service is marked as ‘Favorite’ it will move the service to the top of the stack. You can also remove a service if you not interested and it will no longer show on your homepage.
5. Customize Home Screen – Here you can change the name in your Greeting, and turn widgets on/off.
6. Total Deposit Account and Total Loan Account balances for Internal Accounts have been moved from the bottom of the page to the top.

Bill Pay Upgrade Details:

Changes:

- 1.) To view information about your current payees, click the View All Payees link.
- 2.) Alerts are now found under the Manage dropdown at the top of the page
- 3.) Icons showing how the payment is processed are now easier to find.

 Paper Check  Electronic  eBill Eligible  eBill  Recurring

Paper Check Electronic Electronic Billing Available E-bill enrolled Recurring payment set up

- 4.) Click on a payee's name to view the Payee Details page. From here you can edit, delete and set up preferences for that Payee.
- 5.) To search for payments or to view scheduled, completed or cancelled payments, click the View all Payments link.
